No...its definitely not a good idea for Bill to go above Vahiks head at this point. We tried that before, and he got in trouble and we still didn't get any help.

Nate,

If Vahik keeps dragging his feet with this project, would it be helpful if Bill have the Major, along with Bill, contact the Vahik's boss and stress the importance of getting the Congresswoman's project finished ASAP?

Nothing else seems to work.

This suggestion is between the three of us.

Let me know your thoughts on this suggestion. Don, you too.

John

Subject: West Side Strip Lots Improvement Project

John and I are working with Equity Office to move ahead on the east side of Sepulveda project strip lot / landscape entry project.

We were wondering if Vahik has contacted the utility easement holder on the west side of Sepulveda. He said he did not want us to proceed with getting Kentwood Home Guardians to sign an "right of entry." How can we move this west side project ahead?

It's kinda frustrating, huh? Let me know how I can help. Thanks Nate.
